My dear King Zogu,

I am writing to you with the passing of your father, whom I have briefly known through correspondence. Officially by China's history, I am China's emperor and head of state in exile. Sad to say, I am poor (without any money), unemployed, homeless, and disabled. In some way, I am writing to touch base with you and to present my life's situation to you. I hope to gain a friend and, in the near future, be able to raise money, so that I might be able to survive, and take my rightful place and return to China.

I hope that you don't mind hearing from another country's monarch and, perhaps, we can become lifetime friends. I am 63 years old and I was born in Honolulu, Hawaii in November of 1948. My second-uncle is the late martial arts great Professor Chow http://en.wikipedia.org/wiki/William_Kwai_Sun_Chow. During his day, he was the best in the world.

I am very embarrassed to say that I am poor and that I live in a homeless shelter, due to my poverty. I finished four years of college and ten years of work as an insurance company executive. I spent an entire year as a street person and homeless individual in America as no one in America seemed to care. I wrote to the American President and to everyone in U.S. Congress, yet no one wrote back to a poor foreign head of state who has no money. I even wrote to the government of China and they have yet to reply.

I would not mind, if you visited my website and learned a bit about me. Can you imagine China's indigenous Han-Chinese imperial (royal) family having no money as their land was conquered and governed by people from Manchuria. My family had to go underground and into hiding. We moved to America, the United States of America, Hawaii, in 1871 and we have lived here ever since. I am a U.S. citizen, now, who has written about my plight to the last four U.S. Presidents, including President Barack Hussein Obama II, without receiving a reply from any of them. Just what would you do, if the king of another country, European let's say, was stranded in Albania and he wrote to you asking for your help and for a bit of foreign aid (money)?

Would you write back and help me or would you ignore me as the U.S. President Barack Obama has done?

I do not know what is to become of me. Here in Hawaii, my life has been threatened by thugs, who had no knowledge of who I am. I filed complaints with the local authorities and wrote letters to the President, Governor, and Mayor, yet these American servants didn't see fit to help. "Do I starve and die in your lands?" I wrote to them and said.

I, somehow, do not know what Americans mean when they say “kindness”, “goodwill”, “humanity”, “A helping hand across the seas”, and “helping people of other nations and creating a better America for all”, when I see no truth in their words.

I have been in poverty in America for the past 20 years or more, unemployed and homeless. I am disabled and not able to work. I don't feel very good about my personal situation and no American has helped!

Would you or any other European monarch, president or king, help a Chinese king? I am of ancient Hebrew ancestry and my ancestry comes from Hassuna in Iraq. I am a good American and world citizen hoping to do much good, eventually, in China and for the world.

Please share my letter with others. Yours in faith.

Sincerely,

Handwritten signature of H.I.M. Yao Sui in black ink, written in a cursive style.
