I had to reinstall my e-mail client, so I hope that this letter gets through to all members of Congress both House and Senate. If it does not could someone forward this letter to everyone. I appreciate your very kind understanding and your respect of my position as China's official, yet unrecognized, emperor and head of state in exile. A good man, an international diplomat, and a man who loves this nation very much! I am, officially by China's history, China's current succession emperor in exile. I had earlier requested official recognition and U.S. Secret Service protection for my temporary stay in your nation. My family came here due to political assassinations happening back in China and we came here for our safety. Recently, a minor hoodlum, someone who has never been caught by the law, threatened me in 2005 and it was from that year that I had made many request for recognition and for U.S. Secret Service protection on an official basis, where there is a degree of accountability and I am able to communicate my protection needs with the U.S. Secret Service. I would not mind speaking to a joint session of Congress about your selling Taiwan billions of dollars of arms, weapons of mass destruction, which is illegal. By your passing a law, The Taiwan Relations Act, it does not legalize the selling of arms to a rogue nation that has no legal standing. And, as everyone does know, Taiwan is a shining and very good example of an Asian democracy. Yet, for your nation to act illegally and to undermine Asia's regional security, by the selling of arms illegally and to a rogue and illegal state is utterly wrong! Also, too, when China's emperor and head of state is trying to make the waters smooth for every nation on the surface of this earth with respect to the Iraq and Afghanistan wars and trying his hardest to raise the funds to bring about a Christian mission to China with his hopeful return, supported, I pray, by the U.S. government and the Western powers. Hoping to bring both Christianity and/or Christian values and the goodness of God to the entire nation of China, which consists of 1.3 billion atheist, it would be wrong of your nation, once again I say and stress, to arm Taiwan, a rogue and illegal state. Doing such does not foster long-term peace, but it allows Taiwan to be independent (cocky) and free, because it does not have to try to seek reconciliation with mainland China. It allows for Taiwan's future political and military actions to be and to go against China, very similar to what might have taken place with Cuba had John F. Kennedy not stopped arms from going to Cuba, rather than forcing Taiwan to seek peace with mainland China.

Dialog and talk with leaders of nations, like myself...who has a vested interest in China and in China's outcomes as I am China's official emperor feeling the pea under my mattress, a truly good man, a man of God, who has his eyes on God and on the things of God, a true Christian...is necessary and to ignore heads of state as your President is doing is utterly wrong and criminal. Such actions do not allow you and your nation to see the solutions at hand that peace can be had as well as the saving of human life, that of American soldiers and both wars can be ended immediately! <http://himyaosui.tumblr.com> and <http://watchmansclapper.wordpress.com>

My recommendation is that you allow me and my dynasty to return to China to seek the peace of God, Jehovah, my Hebrew father and Hebrew god, for China and Jehovah's blessings in these last days for China's 1.3 billion atheist, who may convert to the Christian faith with my return to China. This is consistent with what Jesus said in Matthew 28:19,20. That Christians are commanded to go to the nations and to tell people of God's goodness, love, and salvation. I am asking that you give hope a chance, rather than to allow hope and the true god (Jehovah, the god of Shem, the god of Abraham, Isaac, and Jacob), the Christian god, to die on the vine with respect to mainland or communist China. 1.3 billion lives are at stake here and I am very humbly asking for your nation's love, consideration, and blessings.

I am not only a paternal Hebrew, but I am Mede on my maternal side. It is my very strong desire and full conviction to immediately end the Iraq and Afghanistan wars and to bring about a new day for America, so that my mission of the true god's will be able to return to China in a day of peace and that China's people might be able to learn of God without having the world at war.

Can your nation accommodate this request? If I fail, you have my blessing to sell Taiwan as much weapons as your very little hearts desire. My lot though in any event is with the true god as I am a true and paternal Hebrew first and foremost (Hebrew-Mede, part-Mongolian, part-Manchurian, and part-Japanese blood, but mostly of Han-Chinese blood). Is my request so foreign to people who manage U.S. government international and military affairs? Is it so foreign to anyone who is a truly a Christian?

These things I am very humbly asking and asking in Christ's name. Please read my letter below and examine all of my websites and links. Also, thoroughly read and give upright consideration to my negotiation work done by me and by others in 1990-91 for President George H.W. Bush and on behalf of this nation. See and read <http://himyaosui.tumblr.com> for the details. Thank you, very much. And I hope to receive an immediate invitation to meet with and speak to all members of Congress in Washington DC, by your invitation as I have no money at all. Thank you, once again. I have herein poured my heart out to all of you and to this great nation.

Amen.

SUBJECT: LETTER TO CONGRESS

Some of you have received my letters, but not the majority. I am sure that all of you do know that this nation is at a critical and crucial time in its existence and that we are dreaming, some of us that is, and hoping that President Obama and his inexperienced minions will pull us out of this mess. Well, dream on until our nation's and the entire world's final destruction. Obama is not the answer and his ploys are designed to save

himself at the expense of our nation and the world, pulling us down and further into a hole. When the chips are down it seems as if some of us make irrational decisions and/or we accept bad choices feeling that there is no solution. We are and have become suicidal.

- Obama's bail out of the banks, financial markets, and housing has further destroyed our nation.

- Obama's bail out was done without having any accountability from corporations as to their true needs and financial budget prior and when our nation gave out the funds there were no accounting controls as to how the money was to be spent and we just given out the money freely based on hearsay of big corporations as a blank check without any accountability. This is not good government!

- Further, Obama's health care reforms will not work. And Obama's management style, of not doing background research and not formulating a solid and workable plan, jointly and openly with others, is consistent throughout his entire life and career. Do not let this man and his group fool you.

- By delaying benefits, we will not see the true effects of Obama's healthcare reforms plus stimulus package, together, until 2019, when Obama and his people are out of office and our nation is left to suffer with devastating and very bad and destructive legislation, which now has become law.

I like many of our Presidents, both Democrat and Republican. Even if some of the men I like had faults and even major flaws, yet they were true Americans. I like Eisenhower, Nixon, Bush, Reagan, Kennedy, Johnson, Humphrey, and Clinton, Democrat and Republican alike.

I believe in God and country.

Sincerely,

HIM Yao Sui, Emperor of China  
and natural born U.S. citizen

My blog with my statements of truth as to my and my firm's political activities in 1990-91, whether you want to accept the truth or not, resides at: <http://himyaosui.tumblr.com>. I am a patriot, a loyal American, who wants the best for this nation and to see it conform to true Christian standards. Our nation is a nation founded on a belief in God and it should remain that way. Herein I stand, hoping, waiting, and praying that this nation will do the right things and will act within the laws of this mighty, good, and upright Christian and God-blessed nation.

The solution to our nation's problems is in our having good common sense, not to panic, and to always do what is right (upright) by the law and by God's mercies. Request for me and I will be there at a joint session of Congress to speak to all of you and to answer any and all questions, which you may have.

If you wish, I can also be contacted at the above address. Thank you very much.
