Her Majesty Queen Elizabeth II  
Buckingham Palace  
London SW1A 1AA, England

To Her Majesty Queen Elizabeth II,

I am writing to you to ask for your Christian love and humble support for my Christian mission to take bibles and the message of the God back to China with me upon my return. I would like, if at all possible, to have your support and recognition in the form of membership in The International Monarchist League and to additionally have my family's dynasty listed on the member list of the International Monarchist Conference. I have written to you a few times and to many heads of state during the Iraq War 1990-91 and thereafter trying to help resolve this crisis. Therefore, I am not someone unknown to many people and many nations. Letters went out to 150 member nations at the UN as well as to past Secretary-Generals and to whomever was the current Pope at that time. You can not imagine how hard one cries at night and can not sleep, knowing that a truly good government is bombing your family's ancient lands (Calah, Takrit and many key cities, most of them, in Iraq, where your family of old resides) and killing people of your family origins, cousins basically speaking. To keep a calm head and to maintain one's love for the United States of America and for all of its people is what I have done to date.

I am not a war aggressor. I am a very humble man of peace. I am a true Christian, who fully believes in God and watches his walk with Christ. Trying to be obedient and to adhere to God's word.

Barack Hussein Obama II, the presumptive president of the United States of America, was born in Kenya and he held Indonesian citizenship. He used his Indonesian citizenship to obtain an Indonesian passport for his travels to Pakistan in his 20's and may have likely gone to high school and college qualifying for federal funds and money from abroad for his schooling as a foreign student. By doing such, he is disqualified to be the President of the United States of America. Yet, in spite of this he is our President today. His citizenship he legally inherits from his father, who was a British subject, born in the territory now known as Kenya. His Indonesian step-father adopted him and he then became a citizen of Indonesia. Upon a U.S. citizens return to the United States of America from abroad, one must legally file re-entry papers. This Obama did not do. He is a lawless individual, who does things for his own needs and purposes and goes against others for violations, while ignoring his own. The audacity of this man! Everyone in America know these truths, yet no one has the power to bring him to justice. See <http://obamacrimes.com>.

Barack Obama, aka Barry Soetoro, is lawless and without a love for China, China's official succession emperor, and God. He skirts issues and ignores that which he does not like. He creates laws of his own making, which suits his fancy. And he gives away money not his to give away to boost his popular standing with the people so he won't be indicted. Then too his programs will fail, because they were not based on sound principles and by their implementation he, single-handedly, is destroying our nation and putting us, the United States of America, into a bankrupt and long-termed inoperable and unrecoverable state. It is my hope that the American people will wake up and realize the truth and put a final stop to this madness, illegal, and criminal conduct. Obama flaunts the law and places himself above the law. This he has been doing all of his life! His judgment is in question as well as his overall outlook on politics and on the essence and history of this nation and the world. He comes from a very skewed and selfish, off-base, point of view.

He will never recognize me and my agenda of taking God back to China with me. I don't know what you believe in, but according to the Holy Bible we are living in the last days of this wicked system of things. And that God will return to judge the earth and he will bring his wrath upon the ungodly and wicked. Yet, this is a god of compassion and love, something which is very hard for many to believe in. Yet, if this theology is true, then 80 percent of the United States of America will be saved from God's wrath as they are Christians soaked in the blood of Jesus. Whereas the reverse, looking at China, is true. 80 percent of China are atheist.

I can not act irrationally, yet the Bible says many things often contradicted and misinterpreted by many churches and faiths. I do believe in a loving god and I do know from my studies of the Bible that a day will come when God judges people. Many will perish and many Chinese have not heard God's word. Then, too, Christ commanded his followers to tell people about God and his mercies in Matthew 28:19,20. So, I have taken it upon myself to be obedient to God's word and to take his message to China for the benefit of all of China's people. 1.3 billion people!

When most Christian churches go to China, many are not familiar with China's ageless and hidden history. Many are not successful in their missions of bringing God's message to the masses of China's people.

I am by my family's history and succession, which starts with Shem then down to Noah, as the main patriarchal line, then from Noah to Joktan, father of all Arabs or Middle East people and then to Jobab, clanfather of the people of China's Chou Dynasty.

I would like to...I would love to have the full support and Christian love of America's people, but with Obama in power that is not possible. The President of the United States of America, whomever that might be, is a very powerful person. So, people and nations would normally be

afraid of opposing this man and I am afraid, holding caution or reservation, that you might decline my request.

My mission in life as China's official and legitimate emperor and father of the land is to insure that China will always have good government. It is, also, to insure that the Chinese people have someone to lead them in prayers and to bring the true worship of god to the Chinese nation. I am not here to fight Obama or to war with the United States of America. If you are able to and do have the time to read through all of my websites and links, you will find evidence over time that I truly do love this nation and that I am a loyal U.S. citizen. An upright Christian seeking to bring God's word to all of the people in China.

My roots are Hebrew and my family's history goes unpublished by the Western world. In the days of Pe'leg arose an evil leader. A man called Nimrod. His actual name, though, was Seddiya, son of Cush. Nimrod, as bible history tells us, took his people up and down the Tigris River and conquered other tribal groupings (other races of men). That his actions displeased God and so God scattered people throughout the surface of this earth. People were scattered by tongue and tribe. In the Middle East, my family was conquered and conscripted into Nimrod's bands and into forced labor. This was how he was able to build large cities like Calah and Nineveh, by the taking of other people's lands and by intermarrying them into his negroid or Hamite tribal bands. Chinese are people who descend from Ham and are therefore Hamitic. Where as my paternal roots are from Shem.

So, I am asking for your nations' blessing and at the same time seeking financial support. While I do believe in God and I am a loyal follower, I know the need for money honestly earned. I would like to find benefactors, who believe in God, willing to donate funds to purchase bibles and to send missionaries and China's first family back to China.

I need the support of the Western powers to convince China to accept me back. That they (Western powers) are willing to fund this effort, a Christian mission, and to see to true goodness for the Chinese people (barbaric, backwards, and pagan or formerly pagan). Many people in China and Iraq are of my family's beliefs and ancestry and it is to these people as well as to these two nations that my lineage and succession legacy addresses.

If I can bring about my family's heritage in both lands through dialog and God's goodness, I would be most certainly overjoyed.

In summary, this is my entire essence and mission upon the surface of this earth. I am not or not primarily or directly, necessarily, into the American political scene. So, if there is any way that you or any other nation, individuals, or groups of individuals can help, it would be greatly be appreciated. Hopefully, I will be able return to China with China's blessing too! I am a good man, righteous and upright in my bearing and carriage.

Respectfully,

Yao Sui
