Subject: Do Not Proceed With The Sale Arms To Taiwan!

My dear Mr. President,

I thought that you were a good man, a Christian. An upright man of god and a man of peace. Taiwan is a rogue state, not a legal nation. You have no right to arm Taiwan. International laws and the laws of the

United States do not permit you to do this. You are provoking war with China!

Arming Taiwan is tantamount to an act of war, arming an illegal state and sworn enemy of China's. I would compare your doing this to Russia sending nuclear or atomic weapons to Cuba. If you are a man of peace and Christian and if America is a Christian nation, you would not be doing this.

In a time, when I have been writing to you and writing to the last four U.S. Presidents (1990 to 2009) about the illegality of going to war with Iraq and about the true causes of terrorism, my desiring peace and good relations between all nations. Why are you provoking war by backing up a claim that Taiwan has a legal right to exist (and conquer China)?

Are you not bright enough to know that with arms Taiwan will put thorns in China's side, rather than cooperate with peace. And that Taiwan will eventually undermine China's government by subterfuge, lies, covert aggression, and promoting social unrest in China in an effort to weaken China and to bring to ruin nations so that Taiwan might survive. Is this an act of peace and an act done by a Christian President? Do such things promote good relations between nations? And is this kind of act legal, ethical, and approved by nations and God?

In a time, when China is seeking peaceful cooperation, why are you and the people in your administration, in the background, doing this?

You full well know that China is a peaceful nation and that Taiwan is a part of China. The key to solving this problem is to not let Taiwan act violently in an attempt to overthrow China or act obstinately, in every which way, as a burden or hindrance to China and to promote peace and goodwill between the two nations.

You and those in the former Bush administration, Bush Junior and Bush Senior, fully know of my existence and the fact that I am an American and Christian hoping to foster peace and to change the face of China (as China's next President in 2009), yet your government and your present administration has refused to foster peace in favor of covert war (as John F. Kennedy and Dwight D. Eisenhower both mentioned). <http://watchmansclapper.wordpress.com/jfk-blows-the-whistle-on-secret-societies/>

When there is someone truly good, why isn't your nation working with this man for the cause of true peace?

The Bush administration lied about Iraq, which lead to the murder of two million Iraqis and the destruction of their nation. Regime change was illegal, but the Bush administration wanted it so they would not have to face charges in some world tribunal of illegal acts of war and murder.

So, now you face the same choices and you have acted as the Bush administration would. Why do you not choose peace and negotiations? Dialogue with your "perceived" enemies, who are not really enemies of the United States of America.

Simple problems have simple answers. People, though, refuse to see the light on account of greed. Wanting to have a two million dollar income, fancy apartments, cars, and even an executive jet, to be able to travel the world like a king and to have credit and money in banks, to do anything you want and please. So, people are secretly killed and your nation lied to about the truth of wars. By committing murder, your financial gains do grow.

We went to war with Iraq only by precedent, yet this war is illegal. And Saddam did not have WMD and did not commit any act of naked aggression, whereby our nation could legally act. We murdered two million people only to discover that Saddam was telling the truth.

Now we are arming an illegal state under the pretext of protecting democracy. You and many others in Washington D.C. know that I do exist and that I want to bring about a democratic and Christian China by working with China's present government and people.

Many of these decision makers are afraid of China growing strong and taking over the economics of this world, so to put a stop to China's growth, even if China is on the verge of becoming a Christian and democratic state, is something desired by greedy and evil men. All of this should be made known to not only our nation (US), but to the entire world!

If you persist in badness, God does exist and there will be serious consequences for you and for your nation.

I am therefore warning you to not persist in badness and in the evil schemes of men. Are you not in control of your presidency and do you not have a mouth to speak?

Why do you not meet with me as I can show you things which will help you and your original position on peace and reform in this nation?

Do not arm Taiwan, there are better ways and more peaceful ways of approaching international affairs. Then a good President, a Christian would seek God's counsel on all things and act in a Christian and upright manner. Only a crook would act in the darkness of night, where people are not able to see what he is doing and speak in very glowing tones to deceive people and nations!

What kind of man are you anyway?

Do military soldiers enjoy dying so that the rich can enrich their pockets at the expense of military deaths? We currently fight safe wars, where our soldiers can win. We overwhelm our enemies with massive power and high technology. We invent new weapons, while putting a halt to the weapons of other nations. You can not keep up this pace forever and soldiers who choose to fight illegal wars for criminal gains will soon find their end coming soon. Do you believe this? Does our nation believe this? Do our soldiers see, know, and believe in the truth? What kind of man are you anyway?

Work with me and lets get something productive done for your nation (our nation) and the world.

Simple matters require simple solutions. I am looking forward to hearing from you and meeting with you in Washington D.C. as well as meeting with congressmen and committee members. Peace is solidly at hand, yet Washington D.C. decision makers need to try and sincerely put forth the effort.

Respectfully,

If the Bush administration fought an illegal and murderous war and the people of that nation wanted to sue for peace is it right to lie to our nation and to the entire world as to what is truly going on? Is it right to call these people, fighting for their rights, terrorist and to continue on in our illegal killing and murder of these people in their own nation and on their own soil? Today is Sunday, God's day of rest and peace. Please let this day (time period) be our nation's day of rest and peace! With me as China's head, we do have a new day coming as you had first originally imagined and hoped for!

The war is illegal and, yet, you still choose to continue the killing!
