Dear Mr. President,

Many people depend on you and depend on the United States of America. We, lesser nations, look to the goodness in man as well as to God for our nation's survival. People are not evil, nor is God evil. Speaking as China's current succession emperor in exile, I do know that international problems and conflicts can be resolved through honest and upright negotiation. The Iraq War, which is illegal, can immediately be ended and this war need not be extended another day. All of the American troops can be pulled out without any adverse repercussions happening in the Middle East. This is a solid and very truthful and honest fact. What your nation needs is a good nation-to-nation negotiator to hammer out the details of your nation's withdrawal. Too often the US is either solidly good or belligerently obstinate and other nations have no say in diplomacy. You, your nation, are the kings of this world, the dictators and determiners of the standards of goodness, a nation of, sometimes, lawless men, rather than being a nation of upright and honorable laws.

The system is not broken. All that is needed is to indict the guilty people in your nation, who have been responsible for illegal acts and the murder of millions of souls abroad. Are you a good, honorable, and upright man? Are you truly a Christian or is your form of worship false and feigned? Are you a Muslim or have ever been one?

Should the US sell Taiwan \$6 billion worth of weapons of "defensive" mass destruction? Especially when the US and its President are speaking about world peace and China is on the verge of democratic rule and the Christian system of belief? Changes will occur and have occurred already, so what is the fear and reason for the illegal sale of massive arms to Taiwan? Is this really necessary in a world that is at peace, especially with the true god of Christian salvation? Or is it our nation that is the criminal and a rogue nation using its CIA to foster dissension and rebellion abroad? Do we, the United States of America, not believe in God and in the goodness of man? Are we not a good and upright nation, who deserves to survive?

Can you see the position of Iran and her secret desire to turn nuclear?

Do you see your own lies and failings as well as the lies and failings of your own administration and nation?

Is the US and world's newsmedia ever going to publish these stories and allow me to assist in being this world's peacekeeper and peacemaker?

For your nation to be crooked by night is utterly wrong. For you to be crooked and to not come clean is equally as wrong.

Members of US Congress should be ashamed of their behaviors.

If I am a Christian and my great-grandfather's nation is truly a Christian nation or about to become one, why would the United States of America, military and Pentagon planners, seek our destruction? Is your nation truly not a good nation of people? Do you deserve to live or die?

Would you not promote true goodness and help create true and upright friendships among nations?

Why would your nation promote the commercial interest of nations not within your own hemisphere and why would you seek to weaken China? Do you, Barack Hussein Obama II, not believe in and do you not seek goodness and diplomatic relations, rather than deception and lies being promoted by the US government to and among nations?

Terrorism can end permanently. It is your government that angers people by your illegal, outright, blatant and murderous killings. This is the reason for terrorism. When your nation gets it right and stops your deception and murder abroad, there will be no reason for international terrorism and every government around the world will jointly work against terrorist activity in a coordinated effort with all of the other nations and terrorism will cease to exist! Are you not a smart and wise man?

It is wrong to put your nose where it does not belong as well as to interfere in the affairs of other nations. One reason why I say this is because when you do not know the culture of other nations and when you are blind to their history and needs for resources, you tend to act selfishly

and wrongfully. Sometimes the people and groups that your nation opposes are the good people, rather than the bad.

Do you and does your nation not believe in what JFK said to the American Newspaper Publishers Association on April 27, 1961 about honesty and accountability in government? <http://www.youtube.com/watch?v=FnkdfAqsHA> Would you not want to be in his mold?

Would you and your (hired Bush) administration not want to be upright and American? How about the press and people in your nation or even US Congress. What would they truly want?

America can maintain the leadership role in the world even at this time and in the future, done in an honest manner and on an upright basis. Would you, people in high places in government, and the American people not want this? Good leadership, honest leadership, buys the whole nation of China, my entire Hebrew based Han-Chinese American heritage, and the whole world. This is a win for China, a win for the United States of America, and a win for the entire world, as it will be God, the most high, who will bless my family's Hebrew heritage, your nation, and the entire world. Would you not want this?

In 1990 (1990-91), I was the government-to-government negotiator, who successfully secured Saddam's agreement to withdraw all of his troops immediately from Kuwait, when the best US government negotiators were not able to do so. Your nation went to war with this man and killed two million of his people from 1991 to 2010, when it was known in our nation that Saddam did not possess weapons of mass destruction! Do you enjoy being an outright fraud, murderer, and a liar? Do you care? As a Christian, which you claim to be, would you stop our nation from needlessly killing two million people or would you say nothing as your job and income could be placed in jeopardy? Where lies your compassion and honesty, sense of justice and fair-play, humanity at seeing the needless loss of many lives, as well as your sense of right versus wrong? An experienced and trained sense, desiring peace, having the ability to know right from wrong. Immediately bringing about a true end to this and other illegal and unjust wars. Granting peace to your nation and to the entire world!

Do you believe in illegal government regime change? And is such things necessary. Can you answer all of my questions or is your illegal status preventing you and preventing people in your administration from answering?

When your White grandmother came to Hawaii she sought out people who were UN-American and radicals to network with. She sought out our Chinese family, but we were NOT interested as we are loyal to this government and loyal to the high and written ideals of your nation!

I, therefore, do know of your Kenyan birth and that you are not a US citizen. That you mother wanted you to have every right and citizenship in this nation, in spite of her giving birth to you in Mombasa (which is now known as Kenya).

Therefore, it seems that you and people in your administration and support team try to dun and have dismissed anyone who opposes you and tries to bring the truth forth. You are not a US citizen and your Hawaii birth certificate is fraudulent. In your entire life, you have been trying to keep a low profile, so such matters would not surface. Quitting while you were ahead and by not running for the Office of the President would have been the wisest thing that you could have done in your entire career and life.

You use the our government for your own personal ends to deal with political enemies and opponents and to cover your tracks. This again is wrong and government employees helping you cover your tracks, so no one will discover that you are not a US citizen, should, like yourself, be indicted for high crimes and treason against the Constitution of the United States of America. And people wronged by you should have some kind of legal redress and remedy from our nation's court system.

In my case, I asked you for recognition, which would provide me with US Secret Service protection, legally, where this agency could be held accountable for their misdeeds and there would be some way in which I and my family could communicate our needs to them in compliance with US and international laws. This you and your management team (people knowing of your illegal status) have refused to do. I asked for rights under the Vienna Convention on Diplomatic Relations 1961, which I am legally qualified to receive. Laws that have been set into place are good and there are reasons as to why such laws exist. Good reasons! These things you have ignored and have allowed and sought to have people in your administration dun me and expose my identity through the court system and through collection actions. I am not a delinquent. My financial problems stem from many things, from disabilities that our government refuses to cover, and from illegal actions by your government, agents, and police in connection with my schooling and therefore student loans. These are things which you should be addressing, but have refused to do so on account of your desire to hide certain things from the general public's view due to your illegal status.

I am not able to work effectively as a foreign diplomat and have false or bogus charges hanging over my head. Your hired student loan collector is in no position to decide such affairs and matters of state and so I requested that my bogus loans be taken out of their hands, etc. The only reason you do what you do is in protection of a cover up of your illegal status and non-citizenship. It stinks to high heaven and many people want this to stop and you indicted and/or exposed!

Do you really think that you can get away with your hoax? How about the many people in Congress, what do they think upon an examination of the evidence? What do court judges think and how many are truly crooked, willing to cover your fraud in violation of the US Constitution?

All of the people who have knowingly gone along with your hoax and/or promoted you in spite of your not being a US citizen should, also too, be indicted!

When is this matter ever going to receive national attention and national-international press coverage? You are receiving this letter not because I want to dun you or to go against you, but because you have REFUSED to answer any of my over 160 letters sent to you to date addressing the above-mentioned issues. Don't you think that I am justified in complaining?

I believe in the United States of America, in its people and high ideals. I do not believe in government corruption and in people who try to foster such things!

Respectfully,

夏遠帝

Notation to President Obama: Is your nation aware that China will be turning away from badness and towards goodness and that it needs the help of your nation? Does your nation's newsmidia agencies publish stories like this or do they try to keep Americans in the dark?
